SCIENTIFIC PROGRAMME

28th October 2022, Mayfair Hall

ONLINE VIRTUAL SYMPOSIUM (Physical / Online) (11+1 mins)

Chairpersons: N K Venkataramana, Alvaro Cordoba

Moderators: Suresh Sankhla, Manas Panigrahi, Subodh Raju

Time	Topic	Speaker
17:00 - 17:12	The membranous obstruction of the cerebral aqueduct	Alberto Feletti
17:13 - 17:25	Exo-endoscopic Surgery of Brainstem lesions	Albert Sufianov
17:26 - 17:38	Endoscopic Endonasal Clipping of Carotid Aneurysms	Alvaro Cordoba
17:39 - 17:51	Endoscopic Aqueductoplasty in isolated 4th ventricle	Giuseppe Cinalli
17:52 - 18:04	Endonasal Route for Skull Base Meningiomas	Luigi Cavallo
18:05 - 18:17	Application of endoport technique for neuroendoscopy in the ventricle tumors	Peng Zhao
18:18 - 18:30	Role of endoscopy for Gliomas	Puneet Plaha
18:31 - 18:43	Complications avoidance in Neuroendoscopy	Stefan Wolfsberger
18:44 - 18:56	Endoscope - controlled transcranial surgery: An idea whose time has come	Tadashi Watanabe
18:57 - 19:09	Minimally invasive endoscopic spine surgery in the hybrid operation room	Yasushi Shin
19:10 - 19:22	Early experience of ventricular lavage	Spyros Sgouros
19:23 - 19:35	Endoscopic endonasal surgical strategy for skull base chordomas based on tumor growth directions : Surgical outcomes of 167 patients for 3 years	Yazhuo Zhang
19:36 - 19:47	Endoscopic assisted craniosynostosis surgery	Ulrich W Thomale
19:48 - 20:00	MIS TLIF with Easy go	Joachim Oertel
20:00 Onwards	Faculty Dinner : Sponsored by Exsegen Research	

29th October 2022, Princess Convention Hall

Session - 1 (6+1min) Sponsored by Torrent and Mahalasa

Chairpersons: Kenichi Nishiyama, K V R Sastry, T Suresh, Amitava Rey

Time	Topic	Speaker
07:45 - 07:52	Near total resection Of Vestibular schwannoma by keyhole endoscopy - our experience	Abhirama Chandra G
07:53 - 08:00	Hypothalamic pituitary region infection or tumor? in immunocompetent patient	Shikhil Uppal
08:01 - 08:08	Complications in Endoscopic management of Posterior 3rd Ventricular tumors	P. Lakshmi Narayana
08:09 - 08:16	Endoscopic 3rd ventriculostomy for hydrocephalus of various etiologies - an institutional experience	Baskar A R
08:17 - 08:24	Endoscopic Management of lateral ventricle arachnoid cyst - case series with proposed classification	Chirag Kumar Patel
08:25 - 08:32	Endonasal endoscopic approach for resection of craniopharyngiomas	Satwik R Shetty
08:33 - 08:40	Endoscopic excision of lateral & 3rd ventricle tumors	Mohana Rao Patibandla
08:41 - 08:48	NEUROENDOSCOPY - Experience & challenges in a village charitable hospital . A single young surgeons experience with 89 cases	Shivashankar Marajakke

Session - 2 (11+1min) Sponsored by Sun Pharma and Medtronic

Chairpersons: Henry W S Schroeder, Ameer Basha, T V R K Murthy, Wilhelm Thomale,

08:48 - 09:00	Flexible Neuroendoscopy' Globalization of neuroendoscopic surgery in Japan	Kenichi Nishiyama
09:01 - 09:13	Endoscopic excision of Colloid cyst using Tubular retractor	Y R Yadav
09:14 - 09:26	Bend it like Beckham - intraventricular flexible neuroendoscopy	Subodh Raju
09:27 - 09:39	Endoscopic management of Peri and Intraventricular Germ Cell Tumors	Wan Tew Seow
09:40 - 09:52	Training in Neuroendoscopy	C.E.Deopujari
09:53 - 10:05	Endoscopic surgery for deep-seated tumors	Suresh Sankhla

Session - 3 (11+1min) Sponsored by Intas and Aesculap

Chairpersons: Sameer Elbaba, Momin Abdul Jaleel, Vijayasekhar, Sony Lal

10:06 - 10:18	The brain networks and the function of the orbitofrontal region	Michael Sughrue
10:19 - 10:31	The role of the preopontine block in endoscopic surgery	Jonathan Roth
10:32 - 10:44	Practicalities in complication avoidance for Neuroendoscopy	Ashish Pathak
10:45 - 10:57	Endoscopy in Difficult Anatomy	Manas Panigrahi
10:58 - 11:10	TBA	TBA
11:11 - 11:23	Anterior Skull base meningioma - endonasal or transcranial?	Henry W S Schroeder

11:25 - 12:25 INAUGURATION + Felicitation of IFNE President, and NESI Past Presidents

Session - 4 (11+1min) Sponsored by Access Biocare and Carl Storz

Chairpersons: Ulrich- Deepu Banerji, Rahul Lath, Satyavaraprasad, Ashish Pathak

Time	Topic	Speaker
12:26 - 12:38	Endoscopic Trans-septal excision of Pituitary tumors	Ramesh Teegala
12:39 - 12:51	Role of Neuroendoscopy in diagnosis and management of diffuse midline glioma	Dhaval Shukla
12:52 - 13:04	Use of Endoscope in posterior fossa surgery	Anant Mehrotra
13:05 - 13:17	Controversies in the management of colloid cyst	Hemant Bhartiya
13:18 - 13:30	Endoscope assisted keyhole approaches	Sumit Sinha
13:31 - 13:43	Endoscopic Third Ventriculostomy in Dandy Walker Malformation	Rajeev Sharma
13:44 - 13:49	Next IFNE Congress in Singapore in 2023	Wan Tew Seow

13:50 - 14:15

Fellowship Break

Session - 5 (11+1min) Sponsored by Vasu Organics and Globus

Chairpersons: Joachim Oertel, B Hayagrivarao, Rohit Nayak, Y R Yadav

14:15 - 14:27	Extended endoscopic approach for meningioma	Anil Kumar Sharma
14:28 - 14:40	Endoscopic management of Cavernous carotid by invasive pituitary adenoma	Deepu Banerji
14:41 - 14:53	Training in neuroendoscopy from Mannequins and Cadavers to virtual reality and artificial intelligence	Ashish Suri
14:54 - 15:06	Endoscopic Trans-septal excision of Pituitary tumors	Takeo Duber
15:07 - 15:19	MIS TLIF with Easy go	Joachim Oertel
15:20 - 15:32	Pituitary preservation in giant pituitary adenomas	Sudhir Duber

Session - 6 (11+1min) Sponsored by Dr Reddy's and Zeiss

Chairpersons: Takeo Goto, A K Purohit, B C M Prasad, Ashish Suri

15:33 - 15:45	Management of Cystic craniopharyngioma- Endoscopic cystoventriculostomy with cystocysternostomy -Our experience	MD Suman Rana
15:46 - 16:58	Endoscopic excision of large to giant pituitary adenoma - Lessons learnt	Asheesh Tandon
16:59 - 17:11	Translating endoscope assisted 4 handed endo nasal technique to the posterior fossa	Ayyadurai R
17:12 - 17:24	Transorbital neuroendoscopic approach to the anterior skull base in children	Llewellyn Padayachy
16:25 - 16:37	How to incorporate Endoscopic spine surgery in your Spine practice - for young neurosurgeons	SM Rohidas

Lunch: 12:30 to 15:00

Tea/Coffee: 10:00 to 11:00 & 16:00 to 17:00

Session - 7 (11+1min) Sponsored by Icon and Stryker

Chairpersons: Llewellyn Padayachy, A Venkata Ramana Murthy, K K Bansal, Asheesh Tandon

Time	Topic	Speaker
16:38 - 16:50	Small vessel Anastomosis using the Exoscope	Iype Cherian
16:51 - 17:03	Complications in endoscopic pituitary surgery : lesson heart!!	Deepak Bhangale
17:04 - 17:16	Anatomical tumor planes and expanded endonasal strategies	Dhandapani S S
17:17 - 17:29	Intraventricular and lateral skull base endoscopy expanding the horizon	Nimesh Patel

17:30 - 20:00 **VISIT TO ILLUMINATED RAMOJI FLIM CITY & CARNIVAL**

20:00 Onwards **QUIZ Symposium and Dinner**

Moderators: Manas Panigrahi, Suchanda Bhattacharjee (10 Prizes for Audience)

16:00 - 18:00 **IFNE Executive Body Meeting - (Hybrid) - Hall D**

Hands on Workshop

Date	Time	Hall	Workshop	Faculty
29-Oct-22	09:00 - 12:00	D-1	Exoscope (Digital Surgical Microscope) Practice anastomoses and microdiscectomy	Joachim Oertel
				Iype Cherian
				Suresh Shankla
				Vijay Singh Parihar
29-Oct-22	14:00 - 17:00	D-2	Rigid and flexible endoscopy	C E Deopujari
				Henry W S Schroeder
				Suresh Shankla
				Subodh Raju
30-Oct-22	09:00 - 12:00	D-1	Role of robotics in endoscopy	Manas Panigrahi
				Ayyadurai R
				Mallappa Huggi
				Dhanunjaya Rao G
30-Oct-22	14:00 - 17:00	D-2	Ultrasound and endoscopy	Llewellyn Padayachy
				Manas Panigrahi
				Sushant Kumar Sahoo
				A Ambresh

30 October 2022, Princess Convention Hall

Session - 8 (6+1min) Sponsored by J & J and Suvitas

Time	Topic	Speaker
Chairpersons: Kazuhito Takeuchi, T V Srinivas, Naveen Mehrothra, Satnam Singh Chhabra		
07:50 - 07:57	Initial experience of Endonasal endoscopic approach for pituitary tumors; Results, efficacy and complications	Ramanadha Reddy Kanala
07:58 - 08:05	Endoscopic resection of subcortical brain tumors	Somil Jaiswal
08:06 - 08:13	Neuroendoscopic Transventricular Approach for Cystic Craniopharyngioma	Kaushal Ipili
08:14 - 08:21	Outcome assessment of endoscopic endonasal transsphenoidal approach for pituitary adenoma with intradural and extradural suprasellar extension	Dilip Dutta
08:22 - 08:29	Endoscopic management large and giant pituitary adenomas	Y Thirumal
08:30 - 08:37	Role of Robotics in Neuroendoscopic procedures	Mallappa Huggi
08:38 - 08:45	USG assisted Neuroendoscopy	Ambresh A
08:46 - 08:53	Endoscopic ventricle lavage for treatment of ventriculitis and it's outcomes	Vishakha Patel Karpe
08:54 - 09:01	Extra Axial Endoscopic Third Ventriculostomy	Sanjeev Kumar
09:01 - 09:07	Endoscopic Third Ventriculostomy in children	Ankur Bajaj
09:07 - 09:14	Role of Endoscopy in Hypertensive IC bleeds	Harish Naik

Session - 9 (11+1 min) Sponsored by Zuventus and Puls Pharma

Chairpersons: Alok Ranjan, K Bhagat Singh, Sreedharala Srinivas, Sumit Sinha

09:19 - 09:31	Posterior Endoscopic Cervical approaches - Destandau's technique	Jayesh Sardhara
09:32 - 09:44	Fetal In-Utero Repair of Myelomeningocele: ETV and ETV/CPC outcomes	Samer K Elbabaa
09:45 - 09:57	Versatility of Tubular Endoscopy of Spine- from simple Lumbar disc to Complex CVJ fusion	Vijay Singh Parihar
09:58 - 10:10	Endoscopic approach to far Lateral lumbar disc herniation	Satnam Singh Chhabra
10:11 - 10:23	Endoscopic lumbar discectomy - Destandau's technique	Shankar Athawale
10:24 - 10:36	Channel Endoscopy	B S Sharma
10:37 - 10:49	Doing more with less: Neuroendoscopy	Deepak Jha

Session - 10 (11+1 min) Sponsored by Baxter and Boston Scientific India Pvt Ltd

Chairpersons: Natarajan, B S V Raju, Vijaya Saradhi, N Pratap Kumar

10:50 - 11:02	Differential staining of disc for transforaminal endoscopic discectomy	Kalyan B
11:03 - 11:15	Role of full endoscopy spine surgery in thoracic pathologies	Sukumar Sura
11:16 - 11:28	Anatomy of the extended endoscopic approaches - a cladaveric study	Dwarakanth Srinivas
11:29 - 11:41	Biportal endoscopic spine surgery (BESS) - tricks and nuances	Atmaranjan Das
11:42 - 11:54	Endoscopic treatment of nonsyndromic craniosynostosis	Deepak Gupta
11:55 - 12:07	Minimally invasive endoscopic surgery for deep seated brain tumours - a novel technique	Sandip Chatterjee
12:08 - 12:20	Trans Pterygoid Approach- when, Why and How?	Roopesh Kumar
12:21 - 12:33	Endonasal endoscopic surgery for functional pituitary tumors	Sushant Kumar Sahoo

Session - 11 (11+1 min) Sponsored by Surgyware and Healthware India

Chairpersons: Waleed A Azab, Sudhansu Misra, G Prakash Rao, K Chandrasekhar

12:34 - 12:46	Endoscopic approach to anterior skull base meningiomas	Vamsi Krishna Yerramneni
12:47 - 12:59	Endoscopic transsphenoidal surgery (TSS) for Craniopharyngiomas - importance of SHA preservation for pituitary functions	Kazuhito Takeuchi
13:00 - 13:12	Endoscopic Endonasal surgery for uncommon sellar and clival lesion	Waleed A Azab
13:13 - 13:25	Endonasal Endoscopic approach for orbital tumors	Awadhesh K Jaiswal
13:26 - 13:38	Extended Endonasal Endoscopy - Early experience and lessons learnt	Apinderpreet Singh
13:40 - 14:05	Fellowship Break	

Session - 12 (11+1 min) Sponsored by Omniscient Neurotechnology & Linux

Chairpersons: S V Ranga Rao, C S Naidu, Dharmapuri Sivakumar, S Satish

Time	Topic	Speaker
14:06 - 14:18	Giant pituitary adenoma	Shyam Sundar S
14:19 - 14:31	Endoscopic endonasal transcavernous approach for sellar and parasellar tumors - indications, technique, results and outcomes	Prakash Nair
14:32 - 14:44	Learning Curve in Neuroendoscopy	Dattaraj Sawarkar
14:45 - 14:57	"Best" technique for sellar and suprasellar lesions	T Narasimha Rao
14:58 - 15:10	Analysis of factors for ease of surgery in Interlaminar Endoscopic Lumbar Discectomy	V Venkata Ramesh Chandra
15:11 - 15:23	Recurrent Trigeminal neuralgia - Post Microvascular decompressive surgery, Difficulties in re-exploratory	Bharath Singh Naik
15:24 - 15:36		

Session - 13 (6+1 min) Sponsored by Keries Pharma and Linux

Chairpersons: R T S Nayak, A Krishna Reddy, Savitr Sastry, Rashim Kataria

15:37 - 15:44	Resection of medial wall of cavernous sinus in functioning pituitary adenomas - technical note & outcomes	Sanjay H M
15:45 - 15:52	Microscope to endoscopic lumbar decompression by Destandau's technique	Sai Kaylan
15:53 - 16:00	Role of Neuroendoscopy (rigid & flexible) in management of hydrocephalus: Our experience in last 5 years	Ramesh Shighakolli
16:01 - 16:08	Ventricular Catheter Delivery Device in Endoscopic Procedure	Gopi Krishna B
16:09 - 16:16	Techniques of skull base reconstruction following Anterior Skull base surgery	Mayuresh Hinduja
16:17 - 16:24	Endocrinological outcomes of craniopharyngioma surgery	Akhilesh Gowda GB
16:25 - 16:32	Innovation and New Neuroendoscopy: Pushing new boundaries	Vikrant Sharma

30th October 2022, Princess Convention Hall

Session - 14 (6+1 min) Sponsored by Alkhem and Bion

Chairpersons: Raghavendra H, Ramesh Teegala, Prakash Nair

Time	Topic	Speaker
16:33 - 16:40	Endoscopic vs microscopic transsphenoidal pituitary adenoma	Rajendra Shrestha
16:41 - 16:48	Outcome of endoscopic microvascular decompression in trigeminal neuralgia: A tertiary care center experience	Preetham S D
16:49 - 16:56	Management of pineal region masses in the era of neuroendoscopy	Nilay Biswas
16:57 - 17:04	Endoscopic Anterior Approach Disc Preserving Surgery for Cervical Disc Disease	Pranjal Mohan Sinha
17:05 - 17:12	12Corelating the endoscopic and microscopic anatomy of lateral and third ventricles	Debabrata Sahana
17:13 - 17:20	Calcified lumbar Disc: Transforaminal endoscopic ventral decompression	Ajay Krishna
17:21 - 17:28	Profile and outcomes of Endoscopic Endonasal Transsphenoidal surgeries performed at Tertiary Neuro- oncological centre - A Retrospective Analysis	Vikas Singh
17:29 - 17:36	Endoscopy Assisted Neurosurgery	Saket Saurabh
17:37 - 17:44	Endoscopic endonasal resection of intrinsic 3rd ventricle craniopharyngioma in adults	Songbai Ji
