NESSI-NEWS

A hands-on Cadaveric Workshop of Skull base & Spinal Endoscopy

(NEWS- Neuro Endoscopic Workshop Series)

7th to 9th July 2022 | Jaipur National University

Greetings from Neurofest-2022, Jaipur!

The quality of academic content of an event defines the organization hosting it. After the grand success of four editions of Neurofest (“3D Neurofest” & “A Day with the Master”), Narayana Multispeciality Hospital, Jaipur is organizing the fifth edition of Neurofest in a fresh format with NESI – NEWS. This unique Neuro Endoscopic Workshop shall offer hands-on training of skull base surgery and spinal neurosurgery on cadaver for both young and established neurosurgeons.

Renowned Neurosurgeons from across the globe will take the participants through detailed theory and Neuro-anatomical dissections of brain and spine (on cadaver), with daily workshops where the different neurosurgical approaches will be interactively discussed in a laboratory setting.

The conference is being organized from 7th to 9th July 2022 at JNU University. On behalf of the Organizing Committee, I am hereby privileged to invite participation from Neurosurgeons across the country to join the three day hands-on workshop and also enjoy the hospitality of the beautiful "Pink" City, Jaipur.

Warm Regards,

Prof. (Dr.) K. K. Bansal
Sr. Consultant, Neurosurgery
Narayana Multispeciality Hospital, Jaipur
